⁴ Requires minimum \$1,000 in deposits to be credited to the account during dividend period.

⁵ Monthly qualifications are: (1) Receive an eStatement each cycle (2) Have at least 12 debit card purchases post to your account each monthly qualification cycle (or 20 or more to earn the higher dividend rate); (3) Have \$500 in ACH deposits post to your account each monthly qualification cycle. Debit card transactions may take one or more days to post to the account and must post during the Monthly Qualification Cycle in order to qualify for the account's rewards. ATM transactions do not count toward earning account rewards.

⁶ When your Dividend Rewards Checking account qualifications are met during a Monthly Qualification Cycle, balances up to \$25,000 when at least 12 debit card transactions are posted receive APY of 4.00% (or 5.00% when 20 or more debit card transactions are posted). Balances greater than \$25,000 earn 0.50% APY on the portion of balance greater than \$25,000, resulting in an APY for this tier ranging from 4.00% to 1.38% APY (or 5.00% to 1.63% APY when 20 or more debit card transactions occur) depending on the account's balance. APY calculation is based on an assumed balance of \$100,000. Rates and rewards are variable and may change after account is opened. Each individual is limited to being the primary owner on 1 (one) account.

⁷ Amounts over \$1,500 earn 0.25% on the portion of the balance over \$1,500, resulting in a range from 2.27% to 0.37% APY depending on the account's balance. APY calculation is based on an assumed balance of \$25,000.
