THE DRIVE
Deposit Bonus Disclosure

Enrollment Requirement: To participate in this promotion and be eligible for a bonus, you must apply for membership and open your Primary Savings account through the promotion landing page at nwfcu.org/DriveToSave or use promo code DRIVE during account opening. Individuals who open a Primary Savings account through the channels specified above will automatically receive entries into weekly promotional prize drawings. Completion of bonus requirements is not required to participate in such drawings. See Official Sweepstakes Rules at nwfcu.org/TheDriveRules for complete details.

To earn a bonus amount up to $250, you must be 18 years or older upon time of account opening, in good account standing as determined by Northwest Federal, and meet all of the following requirements:

- **Step 1**: Open your first-ever Northwest Federal Primary Savings account between August 14, 2026 and January 31, 2027 (“Account”).
- **Step 2:** Make the Initial Deposit associated with your selected Tier no later than the last day of the calendar month following the month the Account is opened (e.g., if the Account is opened in August, the Initial Deposit must be received and posted by 9/30/26). The Initial Deposit must be a single deposit equal to or

greater than the required Initial Deposit amount for your selected Tier. The Initial Deposit determines your promotional Tier for the duration of the qualification period:

Promotional Tiers				
Tier	**Initial Deposit**	**Monthly Deposit**	**Min. End Balance**	**Bonus**
Rookie	$250	$25	$550	$25
Starter	$1,000	$75	$1,900	$75
MVP	$5,000	$150	$6,800	$150
GOAT	$10,000	$250	$13,000	$250

- **Step 3**: Deposit the monthly amount (Monthly Deposit) associated with the selected Tier for 12 consecutive months following the month of initial deposit. To satisfy the Monthly Deposit requirement, a single deposit equal to or greater than the required Monthly Deposit amount for your selected Tier must post to your Primary Savings account during each consecutive calendar month. Multiple deposits that together equal or exceed the required amount will not satisfy the Monthly Deposit requirement.

All requirements must be satisfied within the qualification period. The qualification period begins in the calendar month during which the Initial Deposit is posted and continues through the following twelve (12) consecutive calendar months. Failure to meet any one of the required Monthly Deposit amounts will result in ineligibility for the bonus payout. At the end of the qualification period, the

Account balance must equal or exceed the total required contribution amount for the selected Tier (Initial Deposit plus twelve required Monthly Deposits); see Min. End Balance in Table 1. All deposits must be new money, meaning funds not currently on deposit with Northwest Federal and not transferred from another Northwest Federal account.

Once all requirements have been met, the bonus will be deposited into the Account on or before the last day of the calendar month following the month of successful completion of all promotion requirements. The Account must remain open through the date the bonus is deposited.

Offer available to consumer accounts only. Business, trust, and non-consumer accounts are not eligible. Bonus offer cannot be combined with other promotions and may be changed or discontinued at any time without notice. Membership eligibility required. Member responsible for possible tax implications.
