

Website Privacy Policy

Effective date: 7/31/2017

Northwest Federal Credit Union uses small text files called cookies to collect anonymous web site traffic data. This information is used to improve our web services and to provide consumers with relevant advertising messages through various channels. Our cookies do not collect or store any personally identifiable information.

We use Google Analytics' 3rd-party audience data such as age, gender, and interests to better understanding the behavior of our customers and work with companies that collect information about your online activities to provide advertising targeted to suit your interests and preferences. For example, you may see certain ads on this website or other websites because we contract with Google and other similar companies to target our ads based on information we or they have collected, including information that was collected through automated means (such as cookies and web beacons). These companies also use automated technologies to collect information when you click on our ads, which helps track and manage the effectiveness of our marketing efforts.

Northwest Federal does not target customers who reside within the EEA, nor gather data on residents located in the EEA.

You may opt out of the automated collection of information by third-party ad networks for the purpose of delivering advertisements tailored to your interests, by visiting the consumer opt-out page for the Self-Regulatory Principles for Online Behavioral Advertising at <http://www.aboutads.info/choices/> and edit or opt-out your Google Display Network ads' preferences at <http://www.google.com/ads/preferences/>.
