**How We Will Calculate Your Balance:** We use a method called “average daily balance” (including new purchases.)

**Variable Rate Information:** For Platinum and NOW Rewards cards, your APR is subject to change monthly based on the U.S. Prime Rate published in the Wall Street Journal on the last business day of the prior month. Your APR is determined by adding a Margin to the U.S. Prime Rate. The Margin is a percentage amount that we determine based on an evaluation of your credit history and ranges from 3.99% to 13.49% depending on product type.
